

In order to keep this green space open, we all must follow these guidelines:

If you are sick, go home.

Do not use playground or other equipment.

Do not participate in group sports, like football, soccer, basketball, or baseball.

It is hard to participate in these activities with only people living in your household.

Stay 6 feet apart from others.

Only interact with people that live in your household.

Chippewa County Department of Public Health has the authority to close down green spaces where people are not following these guidelines.
